☐ **Premium Heavy Duty Rack Cabinet**

800MM WIDE HEAVY DUTY SERVER RACK CABINET - 42U - 1200 KG

EXTRA WIDE 800MM - GRILL FRONT AND BARN BACK DOORS
FULLY ASSEMBLED - DUE TO SIZE DELIVERY INCURS ADDITIONAL COSTS

The 42RU 800mm wide heavy duty server cabinet is designed to provide a professional, easy to use and flexible solution to customers and installers. The server is made with SPCC cold rolled steel and is capable of withstanding up to 1200kg maximum load. The server rack is built around the universal 19" standard to deliver compatibility with most common networking equipment on the market. It has a stylish arc vented front door and a vented double door at the back. There is also a fan tray at the top of the server for installing optional fans if needed. Easy to remove front (reversible) and back barn doors, plus removable side panels (Lock optional) provide excellent access flexibility for installers working in the cabinet. There are several lockable wiring access holes at the top for cable management. Accessories include 40 set of cage nuts, 3 fixed shelves, 4x cabinet feet, 4x castors, 1x 15 way vertical PDU and 1x 4 fan tray (Note: Fans are sold separately).
